

# MOBILITY SOLUTIONS

FOR YOUR SMALL & MEDIUM-SIZED MEDICAL DEVICES

MEDIROLL

Mediroll provides a variety of mobile solution to carry light weight medical devices or IT systems  
 - Tablets, laptops - around the hospital campus.

Whether you are a distributor or a vendor, mediroll roll stands' common structure enables you to stock **flat packed roll stands** with a variety of interfaces and adapters to serve your entire line of mobile devices.

**COST EFFECTIVE PRICE**

Save money and hassle by ordering your roll stands from the same place

**FLAT PACKAGING**

Compact packaging make it easy to ship and store

**QUICK ASSEMBLY**

15 min to build from box to final product

**CARTS ARE COMPATIBLE WITH THE DEVICES FROM THE FOLLOWING VENDORS**
